

## Annual Report Dec 2014 – Jan 2016

### *Aims and Objectives of the Friends of Wycliffe*

*Organise events that engage pupils' families and their friends and bring the school community together.*

*Work with school to engage pupils in interesting projects/events that will enhance their experience, learning and social development.*

*Raise money for projects and resource that will directly benefit the school and our children's experience of school life.*

*Help to raise the profile of Wycliffe School within the wider community*

### **1: Review of Activity Dec 2014 – Jan 2016**

Committee roles were officially voted in:

- Chairperson **Jean Pine**
- Vice chairperson **Jenny Dunbar**
- Treasurer **Lisa Ross**

We also have many committee members who have worked really hard throughout the year to organize events.

We organised the Mothers' Day flowers with beautiful tags made by the children and raised money for Marie Curie by holding a non-uniform day and a couple of 'Messy' events. We funded a Mad Science Day and organised the annual Egg Decorating competition with prizes for all entrants. We have also used money raised to buy giant chess, draughts and Noughts-and-Crosses sets for the playground.

## 2: Future Activity

As we have had some very successful events in this last year in terms of fundraising and everyone enjoying the events, I envisage the following events and activities will be organized:

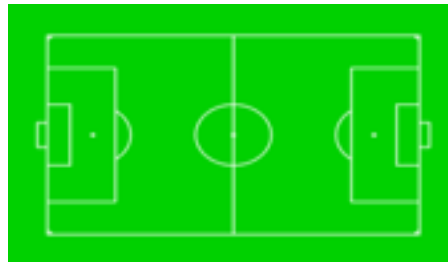

- Messy Events
- Playground painting
- Mothers Day gifts
- Egg decorating competition
- Fundraising initiatives such as Bags to School; Arts Projects for Schools ( eg: Christmas Card Project)
- Summer Fair
- School disco

We also support new ideas and initiatives from parents and encourage parents to engage in school life by becoming involved in running events and activities.

## 3. Finance Report

The current balance in The Friends of Wycliffe bank account is **£4638**. We are currently committing to raising money for an artificial pitch.

### Current Fundraising

We are currently raising money for an artificial pitch to replace the old trim trail which is rotten and as a result is out of bounds to the children. The garden and pond areas will remain in place for the children to enjoy them. As of today we have raised **£4638** and need another **£1500** to have enough for the pitch.

**Report prepared by Jean Pine; Chairperson Friends of Wycliffe, February  
2016**
