4th November 2020

Working families: Clubs re-open 16th November (as of today's climate)

Breakfast Club:

As we know this is a crucial service for many of you, we have planned for it to restart as above. **There will be changes to the system.** The service will run from 8.00am and will cost £2.00 per session. Food will **NOT** be provided. Children will receive activities in the form of their own set of writing and drawing materials and music and videos will be on for extra entertainment. Please note this club covers all year groups and we will separate children at 2m with table spacing, not allowing the mixing of classes at these tables. Windows are open at all times and hand-washing facilities are to hand.

Out of School Club:

Again, this will re-open from the date above. This will be run by Kanga who are our usual P.E. facilitators. It will run from class closure until 6.00pm daily. A snack will be provided by Mr Hussain who leads the club, but activities will be led by Kanga. Although they lead on our P.E., a range of usual activities will be available and children will be grouped in as near to class groups as we can, but this will depend on numbers. As above, we provide a well ventilated space and hand washing facilities and activities will be cleaned before use by a second group. Payment remains £9.00 per session.

Please book and make payments in the usual way and seek the support of the admin team should you need to.

Best wishes,

Mrs. Baxter
