7 NUMBER OF THE WEEK 8

75

(alternatively choose 7 or 5 for a one-digit option)

Write down all of the things that you know about this number.

Think about multiples, factors, number bonds, doubles, halves, finding the total, difference or product, multiplying and dividing it - the opportunities are endless! If you would like to email through your thoughts or bring them into school, Miss Rawling would love to see them.
