We would love to hear about a spiritual moment that you have experienced. It could be in the form of a short written account, a photograph, a drawing or any creative way of your choice. An example of a moment that you may have witnessed was a few weeks ago, when a double rainbow appeared in the playground at home time. A true moment of awe and wonder for many children and adults! A spiritual experience could be defined as a moment where you felt a higher sense of purpose, peace, hope or meaning. Please bring any examples to Mrs Brodrick via the office or your child's class teacher.

Hockey Club

If you have tried hockey in P.E. and want to join a club, or if you are just want to give hockey a go, Aire Valley Hockey Club, are recruiting new players for their boys and girls sections. Several Wycliffe pupils already play, from Reception to year 6. Email **juniors@airevalleyhockey.club** for information."

Spring 2 Whole School Homework Project

Instead of creating a homework project about your topic, we would like you to use the hexagons in your homework folder to create a project based entirely on your own choice! It could be to do with a particular topic that you are interested in learning about, it could be based on a particular hobby or skill that you have or it could be based on a talent or passion of yours.

Creativity and a love for learning are core values at Wycliffe so we can't wait to see what you produce. These will be going on display in school and we will choose children to present their homework to their class and some children will have the opportunity to present in Collective Worship. We can't wait to find out more about you all! Have fun .

After your meeting, you will have free time to further browse your child's books should you wish. We look forward to these face to face meetings to be able to share your child's progress.
