15.11.24: Y2 Guy Fawkes visitor.

ATTENDANCE:
97.7%
We exceeded our goal of 97%!

As Parents' Evening approaches, can we inform you that one text relating to this will go to your 1st contact point through T2P. If you are parents who are separated, please liaise and arrange this with the other parent. We hope you can come together to discuss your child, but if not perhaps take turns as we have a second meeting in the Spring Term. We do not offer separate parent evenings and our system will not send to more than one contact. Thank you for your support with this.

BECOME A GOVERNOR!

Here at Wycliffe parent governors are welcomed as valued members of the team and play a vital role in contributing towards the strategic direction of the school. We currently have some vacancies on our governing body and would encourage interested parents to apply. Please see our website for further information and an application form. We have copies in the office too. All applications should be emailed to fiona.cressey@wycliffe.bdat-academies.org or dropped into school in an envelope by **3pm on the 27th September 2024.**

A HUGE thank you to all who donated games for our lunchtime club. As always, your support is much appreciated!

Headteacher: Mrs. D Baxter

Wycliffe

What does love feel like?

WONDERS

OUR CHRISTIAN VALUE THIS HALF TERM IS:

Love

We invite you to produce something based on our Christian Value, that we can display in school e.g. art work, models, a song etc.

SPORTS STARS

Akira S Alice W (y3)
Thea F-K Elin R

WYCLIFFE WOW MOMENTS

We would love to share yours and your child's WOW moments. Please send them into us.

Eddie and Ethan have just become sixers (team leaders) at 3rd Shipley Cubs. Well done!

Y3 ART DAY

Year 3 have been studying the abstract art work of Jackson Pollock. They have used this style of work in a range of media, paint and oil pastels to create the lava and explosions from volcanoes. This links with their current topic, 'What Makes the Earth Angry?' We explored hot and warm colours as well as exploring gradation of colour for the backgrounds to represent day or night.

A couple of near misses this week

The argument for why children should wear cycle helmets

- Some evidence shows that helmets have been effective in reducing potential injury to a young cyclist's head/brain in the event of a fall or impact with an object.
- Injury could be devastating. We believe it is not worth leaving it to chance.
- Helmets are best suited to providing protection during low speed impacts. As a child is learning to ride, this is precisely the type of fall they are likely to have.
- Public opinion – people can get very vocal and aggressive if they see a child without a helmet.
- What if? Regardless of the risk of a fall from the type of cycling your child is doing there's always an element of worrying about "What-if" should the worse happen.

Bake Sale

The Shipley Recorders children (which the Wycliffe recorders feed into) are running a cake sale on Saturday outside the URC in Saltaire, as part of Saltaire Festival, 10am-4pm. It's to raise money as Match Funding for a grant application. We will be grateful to anyone who walks past and buys our wonderful baked goodies!

Y5 High Adventure

Year 5 went on their residential to High Adventure in Cowling on Thursday 12th till Friday 13th September. They had a great time completing a range of activities with their peers and staying over night without their families. The children completed activities such as archery, high ropes, crate stacking, bouldering and even going on a zip line! They developed great communication and team building skills and all worked together to support their peers to complete their activities. It was a fantastic trip where they made long lasting memories with their friends!
